

# *Powered Industrial Truck Train-the-Trainer*

## *1 Who Should Attend . . .*

This seminar is a must for anyone concerned about health and safety on the job including:

- ▶ Managers concerned about liability and workers' compensation costs
- ▶ Employees who want to learn proper techniques for protecting their safety and health at work
- ▶ Business owners who want to learn about compliance with Michigan Occupational Safety and Health Administration (MIOSHA)

## *2 Why You Need This Seminar . . .*

- ▶ To reduce disabling injuries and illnesses to employees - and to ensure that every worker goes home safe and healthy every day.
- ▶ To reduce the high costs of work-related injuries. Nationally, employers spent an estimated 50.8 billion on wage payments and medical care for workers hurt on the job. (*Liberty Mutual Safety Index 2005*) This is only a portion of the total costs of work-related injuries. Indirect costs such as overtime, training and lost productivity can also burden employers.
- ▶ To enhance your company's bottom line. A strong safety and health commitment not only protects workers, it also reduces workers compensation costs, improves employee morale, and increases production and quality.

## *3 What You'll Learn . . .*

This MIOSHA program involves a full day of safety training designed to address specific occupational safety and health hazards associated with operating powered industrial trucks. MIOSHA General Industry Safety Standard Part 21, Powered Industrial Trucks is extensively examined as well as the relevant rules contained in other MIOSHA Standards. Topics include truck safe guards and devices, safe operating procedures, employee selection, training and inspections.

### **Agenda**

*We offer a flexible  
program agenda  
to emphasize the  
health and safety  
topics you  
want most.*

- ▶ Review of the MIOSHA General Industry Safety Standard, Part 21
- ▶ Powered Industrial Truck Operator Training Requirements
- ▶ Health Hazards Associated with Powered Industrial Trucks
- ▶ Required Maintenance and Inspection of Powered Industrial Trucks
- ▶ Review of MIOSHA Right To Know Requirements
- ▶ Review of MIOSHA General Industry Safety Requirements and Common Violations

# Facilitator

Doug Kimmel was recently named as Michigan's Voluntary Protection (MVPP) Specialist, bringing over 14 years of safety and health experience to this new position. His past positions include: Worker's Compensation Underwriter, Loss Prevention Consultant, and most recently, MIOSHA Safety Consultant.

Doug earned a B.S. (Business Management) degree from Ferris State University, is certified in Workers' Compensation Rating and has successfully completed numerous safety and health training courses.

During his time with MIOSHA, Doug has performed hazard surveys and conducted training at both individual companies and conferences. He has been a speaker at the Michigan Safety Conference and has developed original safety-training programs, which are shared with other safety consultants in the Division.

Doug acts as Team Leader on MVPP on-site reviews, which are performed throughout Michigan. He is responsible for completing reports for the Bureau Director, which recommends the applicant's acceptance as an MVPP company.

Presenters: Doug Kimmel, Occupational Safety Consultant, and Cindy Zastrow, Industrial Hygienist, MIOSHA CET Division.
